I am a devoted fan of The Bearfoot Baker's blog. She is a wonderful instructor. This book is one of the prettiest instructional books that I have ever seen. Like Lisa's blog, the step-by-step instructions are perfect and so are the photos!! I hope this will be the first of many books authored by Lisa Snyder. I already have a great idea for her next book. 100 Holiday Cookies by Lisa Snyder. 3 of 3 people found the following review helpful. Cute Book!! Clever Ideas and Decorating Techniques. By Karen BI love this book!! I own several books on cookie decorating and this one is a good one to own. It has some clever decorating ideas and techniques that can be used on any cookie shape(not just animals). I particular found the information on making animal prints with royal icing, and making royal icing transfers helpful. I liked how the author provided templates for eyes, noses, beaks, etc., and explained how to pipe royal icing to achieve these details. I also loved how the author shows how to use a cookie cutter and icing to create a cookie design that is totally different than the obvious cutter shape. For example, she used a house shaped cookie cutter to create a cookie of a Penguin wearing a hat. An Ice Cream Sundae shaped cutter was used to create a Polar Bear. And, a Bus shaped cookie cutter was used to

create the faces of a Zebra, Hippo, and Tiger. I found this information invaluable! It helped me to "look outside the box" and "find" images within cookie cutters that I never noticed before. This insight inspired me to use the cookie cutters I already own, and fashion them into designs that I do not have. I no longer need to have a cookie cutter for every design I want to make! The book is filled with very bright colored images, and detailed, simple to follow instructions. I highly recommend this book for a beginner to intermediate skill level Decorator. 2 of 2 people found the following review helpful. Great book! By Cynthia Clave @ least 75 books for decorating cakes, cookies cupcakes here is another one a friend recommended to me. So glad she did-excellent book! So many great ideas wonderful pictures/instructions. Have a made a few from this book very happy with outcome....my hubby is to :).

When most of us think of cookies in the shapes of animal we usually envision the very dry, very beige little crackers that wound up in our school lunchboxes every day. Edible? Yes. Interesting? No. Those crunchy little herds are no match for the wild array of cookies in this book. All things that fly, swim, walk, climb, and crawl are deliciously represented here in stunning color and detail. And thanks to the guidance of cookie queen Lisa Snyder, they are surprisingly easy to make. In 100 Animal Cookies, Snyder shares: Baking and decorating instructions for 100 eye-catching cookie designs Ideas for creating just about any animal shape with commonly found cookie cutters Instructions for creating texture, 3D effects animal prints, and more with icing Fun tips for decorating with kids Easy-to-follow instructions, along with more than 75 full-color images make this book the perfect resource for cookie monsters, animal lovers, and creative bakers of all levels.

When that one perfect mom shows up at the church cookie exchange with cookies that look like they came from some Martha Stewart Super Cute Cookie Kitchen, you no longer have to be jealous. Now you can make cookies every bit as cute as anything that perfect mom can come up with. All you need is a few cookie cutters and this terrific new cook book. Lisa Snyder has put together an excellent guide to becoming the super cookie mom of your neighborhood. The variety of patterns is stunning and each and every design is absolutely adorable. This well-written, well-designed book can move anyone from a rank amateur into the big leagues of cookie making." San Francisco Book , sanfranciscobookreview.com About the Author Lisa Snyder's passion for baking can be traced back to her grandmother's kitchen. Today, her blog The Bearfoot Baker, inspires more than 20,000 unique visitors a month with tutorials, advice, and inspiration for creating custom cookies and cupcakes.
