Editors of Publications International Ltd. : 100 Best Cupcake Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised 100 Best Cupcake Recipes:

3 of 3 people found the following review helpful. Jazzed up box mix recipesBy Passionate about historyI was very disappointed with this book. Nearly every recipe calls for either a boxed cake mix, commercially prepared frosting, or both. There are a few basic recipes in there, like for the chocolate cupcakes, and brownie cupcakes - recipes I could easily find for free on the internet. If you're looking for something to quickly jazz up a box mix, then this would be okay, but nearly everyone in my family has food allergies and we cannot use the box mixes. I was looking for recipes from scratch, that would be suitable for serving company. I will be returning this book.
