Gooseberry Patch : 101 Cozy Casseroles (101 Cookbook Collection) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 101 Cozy Casseroles (101 Cookbook Collection):

I have been itching for some amazing home-cooked heart warming meals. Most of the recipes have ingredients that are store bought and not homemade. I am not impressed at all. These recipes do not come from the heart. The recipes were also very juvenile a kid could do them. Not worth your time and money. 0 of 0 people found the following review helpful. Cute recipe collection purchased for a gift By CLG The recipient gives this 5 stars. I give it four plus because it is clear, well organized and just as cute as can be. The recipes are expected casserole concoctions. Great for a new or medium-experience cook, but an experienced cook might not find too much new, here. All in all, it is a great collection. 0 of 0 people found the following review helpful. A must have if you like casserole dishes! By Megan H Looks great! There is a picture to accompany each recipe (which I like) and most recipes are quick enough to prep they could be prepared on a busy weeknight! Can't wait to try them all. Will definitely be looking for more Gooseberry books in the future.
