each and every recipe. Mother- daughter team Lucinda and Heather Wallace have put together the most amazing little book of cookie recipes. There's no fluff, no history, no extras (which I miss a little) just recipes - delicious recipes! I made four different batches of cookies from this book. I set out to make one from each section, but settled on one each. I made Caramel Apple Crisps from the Bar Cookies chapter and made a huge mistake - I thought I'd have time "later" to get a photo, but the cookies were gone before "later" came. We were all crazy about them, even my brother-in-law who stopped in for a visit. Next was Oranges and Cream Cookies from the Drop Cookies chapter. Man, were these GOOD! If you've ever bought those canned orange rolls for breakfast, you know - the kind you make at home - these taste nearly identical to those. Then I tried Chocolate Covered Cherry Cookies from the No-Bake chapter. My daughter, Megan, loves maraschino cherries and she was in Heaven with this one. Even my husband, who hates no-bake type cookies, really enjoyed these. Lastly is the Shaped Cookies chapter from which I made Shortbread Raspberry Kisses. Truly delectable. I have to say, I have a cookie cookbook from a very big-name baker and I have yet to make a recipe from it that actually turned out well. It was a huge disappointment for a book full of colorful photos. 101 Easy Peasy Cookie Recipes, on the other hand, hasn't let me down one bit. None of the ingredients are exotic or hard-to-find. The baking methods are easy to follow, and the results are absolutely perfect! My 6 year-old said it best. When asking why I was making all these cookies, I explained to her a book review and what went with that and then she said, "They make good cookies! I mean, they have good recipes!"

She began baking at the age of 11 as a rainy day activity to entertain her younger brother, but, as the years progressed, it would become a lasting hobby as she would go on to become a lifelong baker. Heather Wallace possesses over 20 years experience as a writer with work appearing in national, regional, and online publications. Her work in the field has been vast and varied ranging from culinary writer to blogger to newspaper correspondent. Throughout the years, both Lucinda's and Heather's love of cooking would lead them to begin developing recipes of their own. This evolution from bakers to recipe developers would then lead them to become culinary writers as the co-creators of a recipe newsletter that was read by thousands of subscribers each and every week. From newsletter publishers, they would progress to cookbook co-authors with the simultaneous publication of their first two titles. The publication of 101 Easy Peasy Cookies Recipes marks the third collaboration by the duo.
