Some good recipes and beautiful photos, but....By Prisoner Of HopeThis cookbook offers a lot of fast and easy cupcake recipes, all of which start with a cake mix, and many of which are unique. I like the spiral binding which enables it to lay flat while you're working, but a few relatively minor problems preclude my giving this book five stars. First of all, the ingredients are all easy to find, but in some of the recipes, the quantities aren't clear. For example, one recipe calls for "a can of fruit cocktail" - but doesn't tell you what size; another one lists "a block of butter." How big, exactly, is a "block?" My guess would be a stick...but other recipes in the book specify "2 tbs." or "1/2 cup" or whatever; why not be specific on this one?The pictures are beautifully done and make the cupcakes look very tempting. Not every recipe features a picture, which is fine, but the one section (Theme Decorating) where one really NEEDS photos to see what the finished product is supposed to look like has pictures of only a few of the cupcakes, and those which are easy to picture in your mind at that; I'd like to see the butterfly, the caterpillar, and the other more elaborate designs.All-in-all it's a nice cookbook, and ideal for the times

when you need some cupcakes in a hurry but don't want to have to settle for something plain and simple. 2 of 2 people found the following review helpful. Cupcakes quick and easy By Becky (in NOLA) I made the peanut butter cup cupcake tonight with the peanut butter icing and it blew away the martha stewart one I made last week. Sadly, Martha's cupcake book has gone to the great thrift store in the sky, but this one is a keeper. The cupcake tonight was actually better than a similar one we had a few weeks ago at a cupcake bakery. The PB icing is delicious. The use of boxed cake mixes is what makes the cupcakes easy to assemble, the addition of ingredients is what makes the cupcakes "gourmet." I'm not really sure these are gourmet, but that isn't a bad thing. They are fast, easy, and taste yummy. The directions could be a more detailed. The directions for tonight's cupcakes were to cool on a wire rack. But would that be in or out of the cupcake tin? Some recipes call for a cool down in the tin then the transfer to a rack, so a bit more clarity would have been nice. I compromised with 5 minutes in the tin then out onto the racks. There is a lot of variety in the cupcakes. The recipes turn out well and to us, they don't taste "boxy" or artificial. While I still like making cupcakes from scratch too, this is an excellent addition to my cupcake repertoire. 1 of 1 people found the following review helpful. Great recipes By Debbie Hall Easy to follow recipes, pictures look good. They aren't complicated or take a lot of strange ingredients. I have tried a few and they have turned out well. I intend to try them all. I like that they all start with a cake mix and then add to it. I also like the frosting options it gives so you have an idea what would go well with the cupcake, and can decide which one is best. Mine is paperback but not flimsy. It was used and seemed to have held up great. I don't anticipate any issues with the soft cover.

Everyone loves a cupcake. But not many people have the time or know-how to create gourmet masterpieces. Now even the most novice baker can make delicious cupcakes with the ease and convenience of using a cake mix! With step-by-step recipes and numerous tips for success, baking gourmet cupcakes has never been faster or easier. Each mouth-watering, full-color photograph showcases the artfully decorated treats, such as Strawberry Cheesecake and Chocolate Caramel Surprise. Whether it's for a birthday party, a holiday, or just because, there's a cupcake recipe for every occasion. Wendy Paul has long been known among family and friends for her cooking prowess. Now she shares her secrets of success so that everyone can enjoy baking as much as she does. With 101 Gourmet Cupcakes in 10 Minutes, it won't be long before you're wowing your friends and family with elaborate, delectable creations worthy of any bakery!
