Love this 101 Quick and Easy Cookie Recipes bookBy samThese recipes have few ingredients as a rule and the flavors are reminiscent of the cookies my grandmother and I made together 60 plus years ago !!! I raved about this book to my husband and made the date drop cookies right away. He was so impressed he purchased a hard copy of this reasonably priced book for my Christmas present. This was the man that told me I already have too many cookbooks and need to get rid of some!!! The directions are clear and truly

easy to make with fantastic flavor. Try them and I'm sure there is something you will find you love. Blessings on your labor of love. 0 of 0 people found the following review helpful. quick and easy treatsBy Jbarr5101 Quick Easy Cookie Recipes Hoping with the upcoming holiday season I will be able to find healthier cookies to make with emphasis on low fat and low sodium. Handful of pictures and no nutritional information. Like the choices for many types of sugar cookies, soft, chewy and crisp. Many topics of selections along with a no bake cookie section and Christmas cookies. Chewy granola bars will be one we try along with apple bars. For the most part any of these will turn out great, although they all use butter or margarine you may be able to do some substitutions. Other books by the author are highlighted at the end. 2 of 2 people found the following review helpful. A delicious bookBy Monica LaSarre, Author I enjoyed this book tremendously. My children and I love baking cookies together and I am always looking for new recipes to keep things fun and fresh in the kitchen. I bought this book because of the price (very affordable) and the beautiful cover and was not disappointed in any way. This book contains fantastic recipes, including many I've not seen anywhere else, and perfect and precise baking instructions. It has been a joy to flip through this cookbook, try some of the recipes and enjoy new ideas for baking with my kids. The recipes included in the book are simple to prepare, don't have an excessive number of hard-to-find ingredients and are delicious. I particularly enjoyed the recipes for Chocolate Honey Cookies and Chocolate Cheesecake Bars. I feel I got a real bargain with this book.
