(Which I've given multiple times!) The book has a variety of recipes including breakfast, cookies, brownies, bars, chocolate cakes, fruit flavored cakes, bundt cakes, cobblers, cheesecakes and more. Some of the recipes are very simple, others are more complex. I've enjoyed getting to try them out for myself. I've especially enjoyed hearing my friends rave about the newest recipe they tried in their cookbook and telling me again how much they love the gift! 3 of 4 people found the following review helpful. A Little Gem By Maudesmum I found this book recently and it has made me want to get out my mixing bowls, cake pans, and cookie

sheets and start baking. None of the recipes have long lists of things you need, and there are recipes for cakes, cookies and bars, even breakfast items! The index goes by ingredient as well type of mix used, butter pecan, white, yellow etc. The Pumpkin Caramel Cake will be baked soon and shared with friends at church. I am a Butterfinger candy bar lover and there are recipes using them also. I look forward to making many of these recipes in the coming weeks and months. 0 of 0 people found the following review helpful.
