**Sara Lewis : 200 Cakes Bakes (Hamlyn All Color)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 200 Cakes Bakes (Hamlyn All Color):

1 of 1 people found the following review helpful. Decent cookbookBy The EmperorAnother very decent cookbook in this range. There are plenty of varies recipes and the photos are maybe too mouth watering.I have tried a few recipes and they worked well. Occasionally the ingredients are maybe a tad hard to find but this only applies to very few recipes in this collection.Overall I was impressed with this.0 of 3 people found the following review helpful. Full of failure cakesBy photonWe tried the coffee cake on page 160 yesterday. The recipe oversimplified a number of steps (whisking eggs and sugar over heat for five minutes until thick? More like ten minutes!) and later it called for folding flour into the egg/sugar mixture. I've been making pastry for years including egrave;clairs and nowhere in the recipes that I've used call for folding flour into sugar and eggs. Mixing flour into that mixture sounds utterly bizarre.I'd probably think a few times before using complicated recipes from this book again.
