**Lori Burke : 30 Delicious Dump Cake Recipes** before purchasing it in order to gage whether or not it would be worth my time, and all praised 30 Delicious Dump Cake Recipes:

1 of 1 people found the following review helpful. good recipes, no pics and very shortBy marriagecoach1The recipes are easy and delicious. That being said, as an avid collector of cookbooks I have a realproblem with most Kindle cookbooks. They are usually very short as this one is. They almost alwaysdon't have pics of the creations which I consider a HUGE SIN for any cookbook. Go to any bookstoreand look at print cookbooks and they are filled with pics. It costs a lot of extra money to include picsin print books but costs nothing to add to a Kindle book.Perhaps these Kindle authors have found a marketing tactic with these very short cookbooks and aremaking money on them. I

myself prefer a full length cookbooks with pics and all kinds of author suggestions about cooking along with personal stories. Now to her credit Lori did include some of these personal stories but over all I gave it 3 stars because it is like so many other Kindle cookbooks and has nothing really to set it apart and make it a 4 or 5 star cookbook. The reviewer is the author of the new Kindle book entitled: Sex Education for Adults Secrets to Amazing Sex and Happily Ever After too 0 of 0 people found the following review helpful. Dump cake recipes By Jbarr530 Delicious Dump Cake Recipes Book starts out with why it's called a dump cake and what to expect. Also a lot of substitutions if you are on a healthier diet plan. Found one recipe that I thought we might be able to make - gran apple cake. Each recipe has servings, list of ingredients - that include a packaged cake mix and usually a fruit or berry in a can with its syrup along with a large amount of butter. Directions are listed, numbered step by step. Gives suggestion how to serve it. Also variations if possible are listed. No nutritional information and no pictures. 32 of 34 people found the following review helpful. Quick bake sale items and desserts By Tuesday If you have forgotten you offered to supply items for a bake sale or need a quick dessert and time has run short these recipes fit the bill. My mother introduced me to dump cakes 35 or 40 years ago. She came home from work, dumped a can of cherry pie filling into a pan and shook a cake mix over it, put it in the oven and surprised my dad with it at dinner. Surprisingly for as easy as they are to make they can look quite sophisticated. You can serve them in unexpected ways like in large wine glasses or top them with flavored whipped cream and berries or other garnish. Even a little shaved chocolate (you can always use a chocolate bar and vegetable peeler in a pinch) on Cool Whip can look special and parfaits are always pretty. As far as the book goes a bit editing would have helped and there really are not 30 recipes. Some of them could have just said "or you can substitute" which would have probably left 15 or fewer recipes. But on the upside, I gave it 4 stars because she has some flavorful recipes and if you've never made a dump cake her explanations will lead you through it. I had never thought of using pineapple (that was worth one star alone). I made one with a few alterations (fresh fruit and juice) topped with flaked coconut. Rum flavored whipped cream and the always tropical little paper drink umbrella finished off the individual servings for a WOW! response. I was very happy to see some fresh fruit recipes in the book and other ways to cut the sugar and fat. As I started, if you need a dessert in a hurry dump cakes are a good answer and the recipes in this book will not let you down. If you've never been a baker serving one of the book's recipes will impress your friends and family with your newly found talent.

Dump Cakes are amazing cobbler desserts. In fact Dump Cakes combine the four qualities of the perfect dessert: Simple, Quick, Incredibly Delicious and Fun. They are really simple to make and use fruit, spices, cake mix and butter. They are quick to make. The preparation time for a Dump Cake is 5 to 10 minutes. Baking is an additional 45 minutes to 1 hour. Delicious? A warm piece of Dump Cake cobbler with a scoop of ice cream melting over a buttery cake and mingling with vanilla and cinnamon and other spices is one of the most delicious desserts you can eat. Finally making a Dump Cake is fun for both adults and kids. You dump fruit, spices, a layer of dry cake mix and pats of butter. Baking one of these wonderful cakes is a great project for the entire family. Pick up a copy of this book and enjoy the wonderful world of Dump Cake cobbler desserts. You won't regret it.
