After previously reading another of Lori's books about Icebox Cookies (again, I hadn't discovered those prior to reading) I was pretty sure that it was going to be worth a read. And yep, it certainly is!As long as you have a little time on your hands, these easy to to follow recipes make some magnificent puds for special occasions. I've tried the Cherry Chocolate Ice Cream Cake, and along with a rather spendid mess, I made an excellent treat for the in-laws at Easter.My only slight issues are that...1 - You

can't get all these yummy ice cream brands in the UK (some, but not all)2 - The 'For The Health-Conscious'section - seriously, if you are buying an ice cream cake book then you should be expecting full fat high calorie deliciousness! These aren't supposed to be part of every day meal plans! Stuff the sugar-free chocolate chips and Splenda!...but overall a smashing book on unusual and delectable desserts.1 of 1 people found the following review helpful. This is NOT a cookbook!By EraserHorrible, I thought this was going to have Ice cream and cake recipes. This book is NOT that. This book is (buy store bought ice cream, buy store bought cake mix, put together and decorate) ta-dah! Totally not what I was expecting. Oh, and not a single picture in the book. There is only 1 picture, the cover. This book is also wafer thin.0 of 0 people found the following review helpful. Another keeper cookbookBy \_CustomerAuthor Lori Burke has written another keeper cookbook when she wrote 30 Delicious Ice Cream Cake Recipes. What I really liked is how Burke included tips for reducing the fat and sugar content when making ice cream cakes. Some of the recipes you will find in her cookbook include:Cherry Chocolate Ice Cream CakeBlack Forest Ice Cream CakeGoing Bananas Ice Cream CakeLemon Blueberry Ice Cream CakeStrawberry Ice Cream CakeYou will find an interactive table of contents making navigation easy.Recommend.
