Roger Protz : 300 More Beers to Try Before You Die! before purchasing it in order to gauge whether or not it would be worth my time, and all praised 300 More Beers to Try Before You Die!:

0 of 0 people found the following review helpful. Five Stars By Vicki L. Moore Great book; great Experience 1 of 1 people found the following review helpful. Beer!!! By Kathleen Kelly I am not a beer drinker, but I found this book very interesting and almost wish I could try these beers. It is the companion novel to 300 Beers to Try Before You Die. What you will find inside this book is everything you ever wanted to know about beer, how it is brewed, how to taste beer and the many different kinds including but not limited to Ales, Bitters, Porters and Stouts, Wheat Beers, Lagers, Bocks and many many more. There is a glossary, a list of Brewery museums, retailers and an index by beer name and by country. A very definitive guide to one of the most beloved of beverages. If you love beer and even if you don't, you will find this book a treasure trove of historical facts. Definitely worth a read.

A companion volume to the successful 300 Beers to Try Before You Die!, taking beer lovers on an exciting new odyssey through 300 more of the best beers from around the world

"...a very definitive guide to one of the most beloved of beverages," and "a treasure trove of historical facts."
