Goes from 2 servings to 8 servings to 3 servings to 4 servings.There is no time or passion put into this "book". I would not recommend it.0 of 0 people found the following review helpful. Easy

to FollowBy KindleCustomerThis book is well-formatted and the recipes are clearly laid out in a step-by-step manner.I was happy to see simple recipes along with the more complicated ones. There is an image of each dish at the beginning of each recipe, which is also helpful.I wish all recipes books were as well done as this one. Will be looking for other recipe books from this author!
