Jess Lebow : 365 Days of Beer 2013 Daily Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised 365 Days of Beer 2013 Daily Calendar:

0 of 0 people found the following review helpful. PointlessBy Donovan NebreklievskiThe only reason why I bought this calendar was because the golf one was canceled. I'm a homebrewer so I felt like this was going to be the next closest thing I would enjoy, but man was I disappointed. This is a really poor attempt at putting together a beer calendar. Half the calendar is pointless quotes, the other half is made up anecdotes, things barely related to beer, and it's days after days after days. I would say 10% of it is decent. I finally had to recycle it since it was just worthless. 0 of 0 people found the following review helpful. not badBy WizoIts a decent calendar, some days have really interesting facts/anecdotes, while other are just stating silly quotes. More Beer info would make it a better product. 0 of 0 people found the following review helpful. Cool!By misssunflowerblueReally neat "niche" calendar for the beer lover. Has interesting facts, and suggestions. Would highly recommend for the beer lover in your life!

Finally--a calendar that can satisfy your thirst for beer throughout the entire year! Featuring craft microbrews, beer history and facts, bar jokes, and fun quotations, you'll know just what to say when pounding a pint in a pub or alehouse, across the table from the guys, or under the table. You can also consider this an excuse to laugh and belch all year long (as if you needed one). But what's important is that this calendar is all about that most inspired of human inventions: beer. So don't wait for happy hour or the weekend to enjoy a cold one--celebrate your love for a great brew

every day of the year.
