There are recipes I've never seen anywhere else with inexpensive ingredients that are widely available and quick preparation times. I am very pleased with this and might order a couple extra for friends.4 of 4 people found the following review helpful. A Learning BakerBy NikBeing one who is learning how to put together a recipe and how to bake, this book is wonderful. It has all sorts of recipes that can be chosen from, one for everyday of the year, I might say. And as a person who has come to like, very much, things baked with buttermilk, this book is a winner. It has many recipes that use the soured milk. The ingredients are easily obtainable, the directions are clearly written and the writing wonderful. Makes a person want to bake. Enjoy!0 of 0 people found the following review helpful. Five StarsBy pjugheadNever run out of great things to make.
