Reads more like a high school student wrote a research paper on ...By FarAwayReads more like a high school student wrote a research paper on what toppings sound good on a pizza, even down to the extra large font to "stretch" the length of the paper. There is very little in the way of information on actually preparing and cooking a pizza. The book has one basic recipe for dough and one for sauce. Some of the "recipes" call for a prepared crust or a jar of marina sauce. Very amateurish. By the way, there is

absolutely no basis or justification for the "world's best" in the book title. You can find much better information doing an internet search and there are so many much better books out there. Save your money.0 of 0 people found the following review helpful. Highly Recommended For ALL Pizza Fans!By Charity"45 World's Best Homemade Pizza Recipes" by Susan White is a pizza lovers dream! The book includes a wide variety of pizza recipes using SO many different (and delicious sounding!) toppings. Each recipe lists the necessary ingredients, cooking procedures as well as additional toppings to add to give each pizza a new twist. I loved how the author included a full color picture of each finished pizza alongside the recipe. There's even a dessert pizza called "Raspberry, White Chocolate and Macaroo Pizza" that I have just got to try! Highly recommended for pizza fans looking for some new recipes!0 of 0 people found the following review helpful. Pizza good anytimeBy RustyNo table of content but a lot of great recipes. Pizza no matter how you cook it is so good you just can't get enough. I love the chicken and cheese on my pizza. Thank you and enjoy your day.

Ever Wanted To Know The World's Famous Homemade Pizza Recipes That Taste Like Heaven? Discover how to make proper homemade pizzas that taste delicious! You'll understand the basics of making pizza at home and what tools are required. Inside you'll also find the world's best homemade pizza recipes that will rock your world.
