**Brenda Van Niekerk : 50 Decadent Shortbread Recipes** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 Decadent Shortbread Recipes:

2 of 2 people found the following review helpful. Know what you are buying!By Matthew W. FisherThis book was bought for my mother. This book is inconsistent with the measurements. With measurements in ml, g, and tsp. and tblsp all in one recipe. The description of this book needs to have this stated. We assumed it would be in regular measurements. This makes it very inconvenient because conversion charts have to be looked up and why would the

author use different types in a recipe? It appears as though not much thought went into this cookbook. I would not buy any of this author's other books because of this. There is no reason for the recipes to be written this way. One could understand if it was ml and gram measurements only all the way through the book. But it is all mixed up in the recipes. I am writing this review so buyers will know what is in this book. Again, the description of this book needs to say conversion charts will be needed to use these recipes.

Try making these easy, decadent shortbread recipes. Some of the recipes within the book: Creamy Shortbread Biscuits, Scotch Shortbread Balls, Pecan Shortbread, American Shortbread Orange And Saffron Shortbread, Fruit Mincemeat Shortbread, Shortbread Made With Rolled Oats, Health Shortbread, Party Shortbread, Scotch Shortbread, Shortbread, Petticoat Tails, Millionaires Shortbread, Butterscotch Shortbread Ginger Shortbread, Cheddar Shortbread, Chocolate Shortbread, Chocolate Chip Shortbread, Chocolate Dipped Shortbread and much, much more..... This recipe book contains delicious, easy to follow recipes.
