I love trying new ideas and my family gets bored with the same old thing. I have impressed them with the several that I have made so far in this book. Everyone enjoyed the Cauliflower Crust Pizza, the Carbonara Pizza and the Apple Cheese Pizza. My daughter loved the Elmo pizza too! They were easy to make and I like how the book lists the servings, prep time and nutrition info. Many books on Kindle leave out those important elements. I look forward to trying more recipes in this book.0 of 0 people found the following review helpful. Fabulous recipesBy customerWow, what a fabulous recipe book. I love the way there are the 5 different categories - especially the Gluten Free section as pizza is the one thing I have missed the most since I gave up gluten. Judging by how good these are I think I will be eating pizza every day from here on!0 of 0 people found the following review helpful. 50 Pizza Recipes Worth Checking Out!By Cathy Wilson50 Pizza Recipes is an impressive recipe guide that's gonna inspire you to eat with taste and to great health!Easy to follow recipes with simple ingredients and directions AND nutritional information!Beet pizza?
