Best Variety of MuffinsBy La H.The book arrived in mint condition and the recipes are excellent !! The print is larger than usual and easy to red. a spot right up front on my bookshelf! There are sooo many great and tasty muffin recipes in this book. So many of these "Several hundred" recipe books sound great title wise but the recipes when you look inside fall short of appeal because there are just so many ways you can make one thing. Brody did a great job of making the majority of these recipes sound great. I have only tried some of them but they've been delicious and I've got a list of those still to try!
