Dede Wilson : A Baker's Field Guide to Cupcakes (Baker's FG) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Baker's Field Guide to Cupcakes (Baker's FG):

Wonderful Book!By Happy CookerThis is the third book of Ms. Wilson's I have purchased: her chocolate truffle book, Wedding Cakes You Can Make and just recently, this great book. I much prefer spiral-bound books which this one is and I read every recipe from cover to cover. I put sticky notes on the ones I wanted to try rightaway and yesterday made her Cookies 'n' Cream Cupcakes - WOW! I followed her directions to the letter, made the Classic Confectioners' Sugar Frosting - used the Oreo cookies, chopped away. Using my 'best girl friend' - the lovely KitchenAid stand mixer (also purchased from [...]) - I can tell you that I've never tasted any cupcake so delicious - the cupcake was so soft to eat - didn't crumble/fall apart - just absolutely perfect. I always make notations on recipes and I wrote: "So light and delicious." Being a perfectionist, I can tell you that I am highly critical of what I make and quick to point out if I have a bad recipe to follow. No matter how good of a baker you are, you're only as good as the recipe. As a side note, in Wedding Cakes You Can Make, Dede was kind enough to include her email address. I ran into trouble on a cake I was commissioned to make for a shower. I searched the Internet for answers - then remembered Dede's email address was in the book. With one day to go before the delivery date, I was down to the wire. I wrote to Ms. Wilson, explained my problem - within a few hours, she wrote back and gave me step by step instructions on how to fix my problem and how to prevent it from happening in the future. I am going to see what other book this very talented lady has written and order them! I'd rate this a AAAA+++++. (I buy nearly everything from [...]) - is this a great company or what? No tax, no shipping, no hassles and polite customer service reps. I always shop here first as I don't like shopping but sure is great to sit here, find what I want and push a button!) 0 of 0 people found the following review helpful. Four StarsBy Susan E.
