Great stocking stuffer, white elephant gift, or for that person who loves A Christmas Story. The kit is small, but it is exactly what I thought it would be. It's like one of those kits you find at Barns N Noble at the check out lines. What is SO AWESOME about this is that this miniature lamp turns on and off! It illuminates!!! Also a fun sticker book of scenes and people from the movie. I was so impressed with this cute little Kit and blown away with the great price!6 of 6 people found the following review helpful. Great little leg lamp.By L. B. McAllisterI was hesitant to order this Leg Lamp after reading the reviews from other people that had order this little leg lamp. I didn't want the actual lamp but also wanted to get a leg lamp. I read the dimensions and I knew that it was going to be small. I placed it on a shelf and it sits there. Some people notice it and some people don't but I have to say I Love It. It does light up like a lamp and it is made very well considering the size.9 of 9 people found the following review helpful. Much Smaller than expectedBy Jason CaveySimple, just very very small. about the size of 2 quarters. I would say that they should have a comparison picture for actual size.

“It's a major award!rdquo;—“Old Manrdquo; Parker from the holiday classic A Christmas Story, would say. We call this kit the perfect stocking stuffer (no pun intended) for the millions of fans who tune in for repeated annual viewings of the movie during the holidays. Kit comes with a replica of the movie's iconic Leg Lamp prop complete with an actual light-up feature, packaging material to protect the “fragilerdquo; ornament, and a colorful sticker book. trade; copy; 2011 WARNER BROS.
