**Terry Tan : A Little Vietnamese Cookbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Little Vietnamese Cookbook:

A Little Vietnamese Cookbook.....Of all the cuisines in the Indo-Chinese region , Vietnamese is probably the most strongly indigenous despite centuries of influence from the Asian sub-continent and , most recently France....60 pages with delicious recipes and color drawings in a book you can carry on your purse... (from introduction , courtesy of Amazon bookseller Fridamod)
