Christie Phillips : A Loaf of Bread before purchasing it in order to gage whether or not it would be worth my time, and all praised A Loaf of Bread:

2 of 2 people found the following review helpful. More than a cookbookBy Emma B.This is a delightful book! In addition to her talent for bread-making, drawing and calligraphy, the author obviously has a background in literature and the humanities, as evidenced by quotes from Walt Whitman, Shakespeare and even the book of Exodus..The orange bread recipe worked out beautifully - chilled in the frig and sliced thin, it is a real delicacy!
