Thomas Tryon : A new art of brewing beer, ale, and other sorts of liquors so as to render them more healthful to the body, and agreeable to nature; and to keep them ... and charge than generally practiced (1691) before purchasing it in order to gage whether or not it would be worth my time, and all praised A new art of brewing beer, ale, and other sorts of liquors so as to render them more healthful to the body, and agreeable to nature; and to keep them ... and charge than generally practiced (1691):

EARLY HISTORY OF MEDICINE, HEALTH DISEASE. Imagine holding history in your hands. Now you can. Digitally preserved and previously accessible only through libraries as Early English Books Online, this rare material is now available in single print editions. Thousands of books written between 1475 and 1700 can be delivered to your doorstep in individual volumes of high quality historical reproductions. This series includes fascinating studies on the human brain from as early as the 16th century, as well as early studies on the physiological effects of tobacco use. Anatomy texts, medical treatises and wound treatments are also discussed, revealing the exponential development of medical theory and practice over more than two hundred years. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ A new art of brewing beer, ale, and other sorts of liquors so as to render them more healthful to the body, and agreeable to nature; and to keep them longer from souring with less trouble and charge than generally practiced Tryon, Thomas, 1634-1703. At foot of title page; Price Bound 1 s. With a table of contents at end of text. With an initial advertisement leaf. [4], 138, [2] p. London : printed for Tho. Salusbury, at the sign of the Temple near Temple-Bar in Fleet-street, 1691. Wing (2nd ed.) / T3189 English Reproduction of the original in the Bodleian Library ++++ This book represents an authentic reproduction of the text as printed by the original publisher. While we have attempted to accurately maintain the integrity of the original work, there are sometimes problems with the original work or the micro-film from which the books were digitized. This can result in errors in reproduction. Possible imperfections include missing and blurred pages, poor pictures, markings and other reproduction issues beyond our control. Because this work is culturally important, we have made it available as part of our commitment to protecting, preserving and promoting the world's literature.
