A Great Read By Dave Scaglione If you've ever had the pleasure of taking one of Michael's classes or even just had the chance to talk to him for 5 minutes at a beer fest, you know that the man loves all things beer and always has great stories to go along with it. This book is no exception and it goes into great detail around the history of beer in the Midwest as well as a great write up on every brewery he could find in the Midwest over the past few years. We are experiencing a craft brewery explosion right now so this book is well

"As someone who has written about beer for over thirty years I can tell you that it is almost impossible to write a book like this without falling into jargon or repetition of descriptions, and this author fell victim to neither. . . . This is research at its best."--Peter LaFrance, author of *Cooking Eating with Beer*
