Whitecap Books : A Wine Lover's Journal before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Wine Lover's Journal:

10 of 10 people found the following review helpful. The perfect wine journal By Morrigan Alexandros This is the perfect wine journal. It is small and easy to carry, especially when you are visiting wineries. The book contains useful information as well as sections to record wine purchases, visits to wineries and wines tasted. The book is small, so some wine labels do not fit. I just cut the sides a bit to make it fit. The book contains the following sections in a chapter titled "An Introduction to Wine": Visiting Wine Country The North American Vintner's Year How to Taste Wines Evaluating Wines Buying Wines Storing and Serving Wine Hosting a Wine-Tasting Party As I mentioned above, the book also contains sections where you fill in the information for Wineries Visited, Cellar Records, Tasting Notes and an extra section for Notes. The Tasting Notes section is my favorite because it gives you space to write your comments about the aromas, taste, body and color of the wine. It also gives you space to write whether the wine was opened for a special occasion and which, who were your guests and with which food the wine was paired with. Excellent small but functional book. P.S. The best way to remove labels from a wine bottle is to put it in the oven

for 15 minutes (another 15 if needed) (label facing up) and then to peel it out. This melts the glue. The label still has enough glue left to put it in the wine journal without needing any other adhesive devices. Careful! The wine bottle will be hot so use protective gear and do it at your own risk. 4 of 4 people found the following review helpful. perfect wine journal
By C. Feilen I got this for my mom because she was always forgetting which wines she liked. This journal was just what she needed. It has wine info in the front pages- the shapes of bottles, the different countries and other stuff. And then it has MANY pages for pasting labels and writing your notes on the wine. 0 of 0 people found the following review helpful. Five Stars
By Daniel Hoffman Pleased with purchase.

This essential book takes the mystery out of buying, enjoying, and storing wine. Whether a seasoned connoisseur or a novice taster, any lover of spirits is sure to find "A Wine Lover's Journal"--with its definitions of wine terminology, methods for opening and serving wine, and food complement guide--a useful reference. Line drawings.

About the Author Founded in 1977, Whitecap Books has grown to become one of the top ten Canadian-owned book publishing and distribution companies. During the 1970s and early 1980s Whitecap made a name for itself as Canada's foremost producer of full-color gift and coffee table books on Canadian provinces, cities, and natural wonders. The company continues to publish in this area and has launched a 27-book series on Canada and 36 books in the America Series. Whitecap's list of titles currently consists of more than 300 Canadian-originated titles and more than 1,000 agency listed titles. Whitecap is known for its expertise in the cookbook market. Since 1984, Whitecap has been responsible for some of the most innovative and familiar titles that can be found in kitchens across North America today. In addition to cookery, Whitecap publishes and distributes books on gardening and crafts, photo-scenic, history, arts and entertainment, children's fiction and non-fiction, travel, sports and transportation books.
