Great for People on the West Coast By Lori Clauw I bought this calendar for the workplace and it brings me great joy day in and day out (it also makes me thirsty!). At the time of this review, it is May and I thought that I've seen enough of this to write a review. Like: As a fan of craft brews, it educates me on what the rest of the "beer snobs" are drinking, at least, on the West Coast. The trivia is interesting, the quotes are silly but amusing, and the reviews are detailed without being too lengthy. Dislike: The author of this calendar, Amahl Turczyn Scheppach, did a great job with his reviews. However, it becomes abundantly clear that he lives in California (or some other West Coast location) because most of the reviews will cover breweries in Arizona, New Mexico, Utah, California, Oregon, or Washington. I live in Michigan, a state whose craft beer industry is booming right now, yet the calendar has only visited one Michigan location so far (and an obscure one at that). Bottom Line: This calendar is a great buy, just don't get it thinking that you'll learn more about local spots. 0 of 0 people found the following review helpful. Recurring gift for Dad By LLI've been getting one of these for my Dad each Christmas for about 10 years. Last year they seemed to change authors which scared me as my Dad is not a fan of change. He actually said he likes this one better. Each day (Saturday and Sunday share a page) has information about a certain beer or variety of beer with interesting information. For beer connoisseurs this is great. 0 of 0 people found the following review helpful. great gift for the beer lover By Joan This calendar is a must have for my beer aficionado every year. He reads it first thing in the morning and is the most informed beer drinker at the bar!!

Lifersquo;s too short to drink bad beer. Die-cut into the shape of a stein, A Year of Beer guarantees a year of great drinkingmdash;from the clove-and-coriander-scented summer refresher Monksquo;s Wit to Santa Fersquo;s eye-opening Imperial Java Stout (brewed with coffee beans!) to lagers, pilsners, ales, seasonal brews, and ciders. Includes perfect pairings, trivia, recipes, quotes, and more. Cheers!
