Ryno Reyneke, Lucy Corne : African Brew: Exploring the Craft of South African Beer before purchasing it in order to gauge whether or not it would be worth my time, and all praised African Brew: Exploring the Craft of South African Beer:

1 of 1 people found the following review helpful. African Brewing the craft developed from the cradle of brewing By John D. Cluett The book is an outstanding presentation of brewing in South Africa taking the reader through the history of this craft, starting over 3000 years back, and describing in great detail the brewers and brewsters, their brewing processes and equipment that are being used to produce many beers that are enjoyed by all of us in South Africa. The exciting pairing of beers with food are described and accompanied with excellent photos. As I know many of those people and breweries mentioned in this book, one can say that it reflects well on the passion of Lucy and Ryno who wrote it, and on all those that they have mentioned. It also places South African craft brewing at the highest level of

this exciting development in the international brewing industry that has been "my home" for over 5 decades.0 of 0 people found the following review helpful. a great informative readBy ErrolI loved this book. Being a rookie brewer I found this so informative and inspiring and comforting to know that if these brewers can do it. So can I. I look forward to visiting the breweries mentioned and having interesting conversations with them about my new found passion.0 of 0 people found the following review helpful. Five StarsBy 30 years in the bizVery good

Join a pint-studded journey through seven provinces to meet the brewers, taste their beers and learn exactly what goes into that beverage you wouldn't dream of braaiing (South Africa's barbecuing tradition) without. There is also a section that covers up-and-coming breweries. Delve deeper into food and beer pairing with delectable recipes from top South African chefs, each dish paired with a local lager or ale. And for those who don't know the difference between the two, African Brew hopes to turn the beer novice into a connoisseur with tasting notes and troubleshooting tips showing you what to look for in your preferred pint. Features 38 of South Africa's microbreweries plus the cradle of beer brewing in South Africa, SAB Includes recipes and beer pairings Insights on home-brewing, beer recipes and step-by-step brewing guides Contains sections on South Africa's craft cider movement as well as mead-making Covers the history of brewing in South Africa Includes a look at sorghum beer brewing – both in a traditional setting and large-scale production

About the AuthorLUCY CORNE has worked as a travel writer for almost a decade, with work published in magazines, newspapers, guidebooks and anthologies around the world. Beer generally plays a large part in her travels, and breweries often appear above museums on a trip itinerary. When she is not writing or travelling, she can be found at her Cape Town home, enjoying her husband's homebrewed ales and studying to become a certified beer judge.
