This book has so many great bread recipes it's hard to pick a favoriteBy so funThis book has so many great bread recipes it's hard to pick a favorite!! But if I had to, the Lion House Rolls recipe is wonderful! I bought this because my Mother already had it and I borrowed it and couldn't make a decision which recipe to try first. The recipes are easy to understand and are explained well. There isn't any photos just

pencil drawings throughout. I haven't tried a recipe I didn't like :) has the best price for this book!!0 of 0 people found the following review helpful.
