From WQED Multimedia : America's Home Cooking (Crock Pot) before purchasing it in order to gage whether or not it would be worth my time, and all praised America's Home Cooking (Crock Pot):

Great home cooking recipes brought to you from the people of Pittsburgh and surrounding areas. A melting pot of delicious recipes with various origins designed for the crock pot, from yummy starters and sides, rainy day soups and stews, and mouthwatering roasts and marinades, to traditionally American main dishes and desserts that will melt in your mouth!
