**Jenny Kay : Angela Day Modern Classics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Angela Day Modern Classics:

Since 1964, South African newspaper readers have loved and relied on Angela Daysquo;s recipes. Appearing in The Star, The Pretoria News, The Cape Argus and The Daily News, this twice-weekly column (latterly included as part of the Verve supplement) has provided a culinary helpline and recipes for economical and seasonal family fare, as well as dishes for entertaining guests that anyone can make. The recipes are tried and tested, user friendly and make use of easy-to-find ingredients. Backed by a loyal readership and strong brand identity, the team presents this compilation of recent favourites, as well as all-time classics, each accompanied by a colour photograph.
