**Annette Annechild : Annette Annechild's Wok Your Way Skinny** before purchasing it in order to gage whether or not it would be worth my time, and all praised Annette Annechild's Wok Your Way Skinny:

0 of 0 people found the following review helpful. WOK YOUR WAY SKINNYBy Loretta deVriesI was not happy with this book at all.Over twenty years ago I had her first book and managed to lose it. It was really good which is why I wanted this one. sorry to say, this edition does not come close to the one I lost.2 of 2 people found the following review helpful. Best brown rice cooking instructions EVER!By J. SnyderI bought this book 20 years ago, along with a wok. I made every recipe in it, right in a row...and after that "wokking" never intimidated me! Love the book. In it is the best set of instructions for cooking brown rice I have ever seen. My copy of this book has been misplaced (I'm sure it's in my box room, otherwise I would repurchase it!); however, I found the brown rice instruction online --- and I know how to use my wok creatively because of this book!1 of 1 people found the following review helpful. If you like stir fry, this is an easy, healthy diet plan.By Windy City Zydeco WomanA 30-day menu plan of that utilizes natural, healthy ingredients, a minimum of fats, lots of whole grains, vegetables and fiber -- and keeps you from feeling hungry. You don't even need a wok to make these recipes (although this book is a great reason to go out and buy one)!
