Jean Pareacute; ; Apple Appeal (Focus) before purchasing it in order to gage whether or not it would be worth my time, and all praised Apple Appeal (Focus):

Welcome to Apple Appeal, a cookbook that lets the tastes and textures of the humble apple shine in each and every recipe. Company's Coming has collected some of their best recipes and put them together in this handy, full-colour cookbook. Fresh and crunchy or baked and buttery, the apple makes a dynamic partner to cheese, meat, nuts or vegetables, and fits into almost any dessert you can imagine. Such an everyday fruit can make the sweetest, most

delicious dishes! As part of our Focus Series, every recipe in this collection from Company's Coming is kitchen-tested, beautifully photographed and, as always, Guaranteed Great. Explore all the books in this wonderful series and start your collection today.
