Peter Sutcliffe : Around Berlin in 80 Beers (Around the World in 80 Beers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Around Berlin in 80 Beers (Around the World in 80 Beers):

0 of 0 people found the following review helpful. Great book for adding both food and beer locations to your Berlin tripBy jmoran42This guidebook contributed more to the enjoyment of our Berlin trip (December 2014) than any others that we used. Without it I never would have known about or found the many great pubs it highlights.Using a typical travel guide book, it's easy to find sight, museum, and shopping information but dining recommendations tend to be so varied that only a small number of them usually appeal to me. Because it focuses on pubs, however, 'Around Berlin in 80 Beers' is filled with numerous places where you can not only get great beer but also a hearty, well prepared, affordable German meal. It's really an all-in-one pub AND dining guide.

"Welcome to the vibrant and seductive city of Berlin, a place where local people are used to watching the events that have shaped the modern world. Where better to enjoy a beer? [It] is also a place where an abundance of great pubs and a plethora of well-made beers lighten the load for citizens and visitors alike." -- Back Cover
