Anne Willan : Asian Cookery (Anne Willan's Look Cook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Asian Cookery (Anne Willan's Look Cook):

In this book, every stage of each recipe is photographed in colour, from assembling the ingredients and necessary equipment, through every step of the preparation to serving the finished dish. This book continues the "Look and Cook" series with the successful format of 25 master recipes and 25 variations - some simple, some special, but all looking spectacularly accomplished when served.
