Lesley Downer : At the Japanese Table: New and Traditional Recipes before purchasing it in order to gauge whether or not it would be worth my time, and all praised At the Japanese Table: New and Traditional Recipes:

0 of 0 people found the following review helpful. For the non-Asian coolBy Lover of MysteriesIf you enjoy Japanese cuisine and are not of Japanese descent, buy this book if you love to cook.This is my second copy. My feline knocked my first copy in the sink!0 of 0 people found the following review helpful. Needed a replacement for the one I bought several years ago...By IdahoNekoI had purchased this book several years ago and it got water-damaged during one of our moves. I had been looking for a replacement for some time. This copy arrived in great condition and now I can actually use it again.1 of 1 people found the following review helpful. At the Japanese TableBy kendoBook;I have enjoyed the recipes of this book for several years. It is easy to use. I have bought a copy for my daughter.

The acclaimed book that demystified Japanese cuisine for home cooks returns with a newly designed cover as lovely as the photo presentations within. Over 90 exquisite recipes cover every aspect of modern Japanese meals from elaborate kaiseki dinners--to simply prepared noodle bowls for a casual family supper. The dozens of step-by-step technique illustrations make preparing even the most complicated dishes as easy as ichi, ni, san. Vibrant color photographs take fans of Japanese cookery on a culinary tour of the country, exploring the feasts and festivals, restaurants, sushi bars, street stalls, and even the temples for a taste of this intriguing land. Along the way discover why, as a result of their diet, the Japanese live longer than anyone else in the world. Itadaki masu! Enjoy.

About the Author Lesley Downer -- a journalist who speaks Japanese fluently -- has written about many aspects of Japan and its culture for both British and American publications. She has taught Japanese cuisine at Ken Lo's Cookery School in London and has written and lectured extensively on the subject. She lives in London and Tokyo.
