Ronald Smith, Mary O. Boyle, Crawford Moran : Atlanta Beer:: A Heady History of Brewing in the Hub of the South (American Palate) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Atlanta Beer:: A Heady History of Brewing in the Hub of the South (American Palate):

0 of 0 people found the following review helpful. The go to book on the history of beer in Atlanta By Michael R. Doucette Jr I bought this book a few days when I saw it online. It came in the mail at five. When I started flipping

through the pages I started reading it. I finished it a few hours later. The author has a great ability to make the history of beer interesting. It brings to light the social impact of alcohol on pre prohibition and present times. The book follows the history of early Georgia breweries their ultimate fate. There are a number of current bars, pubs, and saloons that the author makes sure are discussed because they have changed the way a native Atlantan drinks and thinks about beer. The book reads more like a great story full of interesting facts, rather than a history book. When you read this you will enjoy it as much as I have and will learn a few things along the way. Cheers!!0 of 0 people found the following review helpful. Good gift for a beer loverBy Connor JacobsonGot this book for my dad as a gift. He enjoyed it thoroughly.The cover was scuffed up quite a bit though.0 of 0 people found the following review helpful. ExcellantBy Mike HuttAmazing history, lots of facts and wonderful recommendations of current brewers and their products. I would definitely recommend this book to others.

Atlanta is a unique southern city known for its vast diversity and fast-paced lifestyle. Rarely is it associated with a rich beer and brewing culture, but not for a lack of one. From Atlanta's first brewery in the 1850s to the city's Saloon Row and the parched days of local and national Prohibition, the earliest days of Atlanta's beer history are laced with scandal and excitement. Follow the journey of beer through Atlanta's development, starting with colonial Georgia and the budding wilderness settlement of Terminus and eventually evolving into the ever-growing metropolis known as Atlanta. Authors Ron Smith and Mary Boyle celebrate the resurgence of craft beer in a town that once burned to the ground. As Atlanta rose from the ashes of the Civil War, so also has artisanal beer made a comeback in this enigmatic but resilient city.

"The brewery sections draw attention to some long-neglected businesses...but the chapter on Prohibition may be the most fascinating part of the book." - American Breweriana Journal
"The book is excellent, and I think you captured the Prohibition story as well as I've ever read. The historical insights into the Atlantic Brewery were particularly interesting to me because I have several pieces of breweriana from them." - Matt Parker, breweriana collector, Martinez, GA
From the Back Cover
It's a frontier story, an immigrant story, a saloon story, a religious and moral story, a story of decline and a tale that ends with an amazing comeback.
About the Author
Ron Smith (dubbed "the beer guru" after speaking at a local beer tasting) has studied artisanal beer for two decades, and has sampled a wide range of local brews across the United States and Europe. Ron has hosted beer and food dinners, beer tastings and beer education sessions. An obsessive researcher, he is particularly interested in the back stories of breweries in the Southeast.
Co-host of several beer dinners and a craft beer enthusiast since 2003, Mary Boyle is currently webmaster for AtlantaBeerBook, BeerGuruATL, and two personal business websites. She is a professional resume writer and jewelry designer, and "Atlanta Beer" inspired a line of beer-focused jewelry for her handcrafted jewelry business.
