Thomas Hardy : Australian Wine: A Pictorial Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Australian Wine: A Pictorial Guide:

0 of 0 people found the following review helpful. Do not lend this book to anyone! By A Customer This is a great book for planning a trip down under. Very good maps and information without too much fluff. I sure wish I had it to plan my next trip, but Joel Daphyne has borrowed it and not returned it.

The Platters also take a long look at the forces that have made the modern state of African wine what it is—from poverty to politics and religion—and represent them with the delicacy and insight of immediate experience. This book is

a genuine first!.
