Great way to satisfy a sweet tooth in a fun wayBy SoutherncookerI recently won this book and Cake Therapist by the same author from <http://thecookbookjunkies.com/>. Will do a review of Cake Therapist as soon as Irsquo;m finished reading. Today I had my first chance to cook from this book. I made Lime Chiffon Cupcakes with Blackberry Buttercream and they were so good. Light as air with a hint of lime that complements the taste of the blackberries in the frosting.If yoursquo;re wondering if you really need another baking book then the answer is YES! Since this book has so many new and interesting flavor combinations. Things like Blackberry and Lavender Turnovers, Meyer Lemon and Pomegrante Tart, Venezuelan Spiced Brownies, Coconut Loverrsquo;s Cupcakes with

Secret Filling, Saffron Creme Burlee with Rosy Strawberry Compote, and so much more. There are recipes for bread puddings, flans, souffles, meringues, cakes, tarts, curds, cookies, pies, and lots more. The book is filled with 100 playful desserts to help you bake happy. Not only will these recipes satisfy your sweet tooth they'll help you have fun in the kitchen. There are quite a few photos for those of us that love pictures with our recipes. I also like that there is some information included with each recipe that is fun to read and often filled with helpful information. I'll be turning to this book often when I start craving something sweet or need something sweet to share at a celebration. I'd like to thank Jenny Hartin and Judith Fertig for a copy of this book. The thoughts here are my own honest opinion. 0 of 0 people found the following review helpful. Foodie book clubber's dream By Pistachio I bought this cookbook because it is sort of a companion to the author's debut novel, *The Cake Therapist*. How fun to be able to recreate some of the delicious desserts described in the novel! I'm planning to give both books to my baking-obsessed book club friends as a unique gift set.

Colorful, flavorful home-baked treats just say "happy," and *Bake Happy* is all about adding a bit of joy back into your kitchen. A sweet baking book that will bring a smile to the dessert table, *Bake Happy* includes 100 recipes for cheerful cupcakes and cookies, bars and brownies, tarts and turnovers, and delicious cakes that are speckled, marbled, and striped. This cookbook can be used year-round and will satisfy your sweet tooth and your soul. Whether you're in the mood for creamy chocolate, colorful cake layers, tasty cake batter, or special occasion desserts, you'll find recipes for Citrus Glazed Sunset Cake, Rustic Cherry Pudding, Secret Filling Devil's Food Cupcakes, and more. There are also various options for color and flavor combinations, and 30+ full-color photos throughout.

Bright, cheery-looking recipes include rainbow cake and Razzle-Dazzle Eclair, where pink raspberry icing tops the choux pastry and is then decorated with edible pansy flowers, sprinkles, and an assortment of candy dots. Annie Hall would approve of the La di Dahs. [Publisher's Weekly](#), June 1, 2015
