A nice book, pretty ideas for cake popsBy JessThe book is a very quick book to read...It has the basic notions and it's really easy to use.There are a few sections dividing the cake pops by ocasion, techniques... presentation ideas. Maybe it's more orientated to begginers home bakers and not professional bakers who already has knowledge in the area of cake pops.it's a cute book, with cute ideas... such as: Little devils cake pops, mini tiered cakes, little bears. Chicks coming out of eggs (for easter ideas) Bunnies, and cute reindeers for xmas.. and many other..I recommend it if you do not have any other cakepop book, such as: Bakerella's cake pops.. or if you are new to the fabolous cake pop world :)The only thing that i would add to this book in my personal opinion are more photos of "the making of" some cake pops shapes... and other techniques, that are not shown.. and might be tricky for begginersHope this helps!!!8 of 8 people found the following review helpful. Pretty good, but dont care for fondant/sugar paste designsBy Kent HuangThe book is pretty good on gettingt creative ideas and cute characters. Bakerella's book is better, but still a good addition to the collection.Pros- Creative ideas- Pretty good characters- Price

\$10Cons:- Some charcaters use fondant/sugar paste which is YUK in my mouth- Characters dont look as polished/cute as Bakerella's book0 of 0 people found the following review helpful. Awesome bookBy StephanieI haven't been able to try out any of the recipes yet but my son and I have looked through this book together and are looking forward to making some of the cake pops once we have the ingredients. Extremely fast shipping. Would recommend to friends and family.

This is a delicious collection of fun cake pop treats for every occasion. Over 40 colorful projects, from cute animals and romantic wedding rings, to creepy Halloween creatures and festive Christmas characters. The simple step-by-step instructions are perfect for beginners, while the gorgeous designs provide inspiration for the more experienced sugarcrafter.
