EhBy PastryPunkI bought Bake Me I'm Yours, Cupcake Celebration before I bought this one and I have to say I like the other book a lot better. This one was still good but the designs are a little lacking compared to Cupcake Celebration. If your looking to go simple, get this one, but if your looking for something a little fancier, I suggest purchasing Cupcake Celebration.0 of 0 people found the following review helpful. great starter bookBy shihtzugreat starter book for the beginner baker, easy and simplified recipes to make and share for a cupcake swap or spend time with friends and family in the kitchen.
