Worth tryingBy KingPro: A few great recipe's that makes it worth buying like the lemon bars (be sure to do the alternative recipe or it's too bitter). The tips are great and there is such a verity you can find something that is just the right level of difficulty and the ingredients you want to use.Con: Have tried about a dozen recipe's in here and some of them do not work at all. Tried one of them four times and it tasted awful and the proportions are completely wrong.I bought one for the galley I worked in and it is still in use years later. Also got one for home because it seems like there is never enough verity and this has something that fits every occasion. Just be sure it isn't a dud.9 of 9 people found the following review helpful. WOW!By TyferWhat a great book for those who like to bake! Awesome recipes, clear instructions, easy to find ingredients and very, very nice pictures! My only complain is that I bought about one year ago, "200 Bars and Squares" from Jill too, after that I received info about this new book from but they didn't mentioned that they were almost exactly the same!(and this is

mentioned in the book). The changes are that now Jill includes cookies and an spiral format! So now I have 2 books that are the same! same recipes, same photos, and well the cookies, that besides all, are very good! My advice is: if you already have "200 Bars and Squares" don't buy this one because is the same book, you'd better buy a cookie book from Taste of Home, or Betty Crocker. But if you don't have the "200..." buy it is excellent! 0 of 0 people found the following review helpful. Bake Something Great Cookbook By Tammy M This book is fantastic. Each recipe tried was delicious. Liked is soooo well got one for a gift. a must to have.

These delectable recipes will encourage home cooks to bake as often as they can. What beats the aroma of freshly baked cookies, bars or squares, still warm from the oven? Only eating them of course! Cookies, bars and squares are the ultimate comfort food and welcome at any time. These tasty treats can be baked for everything from the perfect mid-afternoon snack to special occasions and community bake sales. And the wide variety of ingredients -- from fruits, nuts and spices to chocolate -- mean there is something for virtually everyone. Here is a small sampling of these extraordinary and reliable recipes for every occasion, from baking with kids to holiday favorites: Chocolate caramel pecan rounds Slice 'n' bake brownie cookies Fabulous florentines Lemon-frosted cherry bars Maple nut bars Orange cream cheese brownies Chocolate toffee cookie brittle Cappuccino Nanaimo bars Viennese fingers Chocolate-dipped cinnamon hazelnut rounds Hawaiian chews. Whether a novice or experienced baker, this outstanding compilation of 400 mouthwatering recipes will help home cooks appreciate how easy and satisfying baking can actually be. Its clever use of full color, incredibly handy lay-flat binding, abundance of tips and techniques and "Baking for Success" section make this book an integral addition to any baker's collection.
