Great BookBy Maine KidI had the original book, "Bake Your Own Bread" and needed to replace the book, the cover was torn off and the book binding was broken, so the book was in two pieces. I like the layout of the original book of having detail instructions and then at the end of the recipe having a summary of the recipe. This was dropped in the new version, but she has added some new stuff, so will enjoy reading what she has to say. I liked the comments she would make in the original book and will enjoy reading through the new book to see what she has to say in the updated version. Overall, I am pleased with the book. This book is now out of print, so I had to buy a used copy. I was satisfied with the copy of the used book.0 of 0 people found the following review helpful. Five StarsBy Northern VermonterDelighted to find a replacement for a beloved bread book that was worn out from use.
