Great Cookbook for the FamilyBy Ernie LooDelicious recipe book for desserts that does not need baking, very simple instructions

Everyone loves pudding! Chocolate, pistachio, butterscotch, maple bourbon. But why stop there? No-bake desserts include rice pudding with lemon, Nutella fluff, Thai sticky rice with mango, and wholesome "jello" made with fruit juice. No-bake cookies, and icebox cakes with whipped cream and graham crackers round out these special, delicious desserts. (Lots of them are gluten-free too.) Bakeless Sweets is the first cookbook to give you all of these beloved no-bake desserts in one big book.

"Bakeless Sweets is a tasty morsel, with recipes that work, photos that inspire, and budinos that will make you blush. I wanted to eat the pages right off the spine. Unlike other dessert cookbooks out there, everything you make from this book will look exactly like the photos--and each bite will make you swoon."
