4 of 7 people found the following review helpful. Don't Buy This Unless You Own "Baking for Dummies"...By PassionateBecause there are clearly unspoken steps to these recipes that will thwart beginners' efforts.I like to bake. I don't know HOW to bake, but I like it just the same. So when I get in that culinary mood, I rely on a recipe to guide me through the process, start to finish. When trying something new, I do no more or less than what is written

down. And there's the problem with this book. I have already tried four of its recipes, and three of them were awful. The fourth, while edible, was nothing special. So I am giving up and going back to Betty Crocker.

Delectable recipes for every kind of bake, cake, bread, biscuit and tempting teatime treat
