Do you need to be a fan of the show or know Mary Berry to want this cookbook? No. If you love the show will you like the cookbook? YES. There is a huge range of recipes from zucchini bread to Heavenly Chocolate Cake with everything in between like French Pancakes. You get a pretty picture, list of ingredients, and the directions. All of it was or looks simple-- most had 3 - 5 steps and basic ingredients like flour, sugar, butter. And the one ingredient I had to buy (sunflower oil) was easily available at the grocery store (I live in a large city). I first made the Zucchini Loaf (8 ingredients/ 4 steps) and it was delicious. So good I served it as a "side" with dinner because I couldn't stop eating it. To be honest the only thing I thought that might be a bummer was that I was going to have to convert the measurements the way I sometimes have to for European cookbooks/blogs but I didn't. This is definitely a good buy for fans of Mary Berry, The Great British Bake Off, or as a gift for anyone who enjoys baking-- or wants to start. 3 of 3 people found the following
