**Rodney D. Cocks : Bali to Baghdad and Beyond** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bali to Baghdad and Beyond:

2 of 2 people found the following review helpful. Enjoying the journey to the beyondBy KBI have read and enjoyed this journey RDC, it is clearly written and includes insightful political and historical background especially in the Iraq section and at the same time remains connected to the author and his personal journey through these experiences. It is both moving and matter of fact, whilst also being informative and providing a window into events of history in this

'war on terror' era we are living in.KB in the beyond.
