The textures look good. The presentation of each type of bar is appealing and tasteful. There is a picture with each recipe. Since I have to eat gluten free and egg free, I am always looking for recipes that are easy to adapt. This cookbook does the trick!1 of 1 people found the following review helpful. Great RecipesBy SandiI love this little book. I had taken it out of the library a few times, but then decided to buy my own copy. Lots of great pictures.
