Glenn Andrews : Basic Bread Baking: Storey's Country Wisdom Bulletin A-198 (Storey Country Wisdom Bulletin) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Basic Bread Baking: Storey's Country Wisdom Bulletin A-198 (Storey Country Wisdom Bulletin):

20 of 20 people found the following review helpful. Pretty good.
By Tessa B. Don't bother buying this cookbook in conjunction with Baking European Breads because the entire book is identical with the exception of three unique recipes in the European book that are not represented in this one. My criticisms stem from the fact that there aren't quite enough recipes and the recipes are written in paragraph form rather than bullets. In other words, all the instructions are in one lump of space rather than neatly divided step by step. This means that the baker has to complete a step, find their place, read the next step, and start all over again. It makes the process slower and more difficult.

By Random old guy While all of these are pulled from various sources and are the 'cliff notes' of the prepping world they give a good outline and place to start without having to buy numerous books with unnecessary information. These give you the meat with out the filler.
