Christopher Robin Endler : Beautiful Bread Baking with Spelt: Natures Healthy Alternative before purchasing it in order to gage whether or not it would be worth my time, and all praised Beautiful Bread Baking with Spelt: Natures Healthy Alternative:

11 of 12 people found the following review helpful. Typos and more typosBy Kim MullenI'm always looking for more

good spelt recipes so I was anxious to get this book. Some of the recipes do look delicious, but only 28 of the 41 recipes call for all spelt. The rest of the recipes call for all purpose or bread flours or a mixture of all purpose and spelt. And the typos!! One reviewer said there were a few typos. Yes, a few on almost every page. Plus sentences that make no sense. Luckily most are in the text and not in the recipes although there are quite a few typos in the recipes as well. As soon as I figure out what measurement $14/3$ is I'll try that recipe. And how big are the buns when the recipe says it makes 20 and there are 11 cups of flour used? That's a mighty big bun. This book would have been improved tremendously by a good editor or even the author re-reading what he wrote would have helped. I'll keep the book since for the price, it has some good recipes, but I would not recommend it. 4 of 4 people found the following review helpful. Fabulous bread! By Y. M. SHOREI've tried two recipes so far in this book, and both are fabulous! The buttermilk biscuits were a definite hit. The "Exceptional Handmade Spelt Whole Grain Bread" was wonderful although I did use half whole grain spelt and half white spelt flour. I scaled the recipe down (divided by 8) and put in my bread machine. I did have to add a little more flour, but the results didn't disappoint. I highly recommend this book. 4 of 5 people found the following review helpful. Don't waste your money! By JaniceC NossoughiI bought 3 spelt books at the same time. I was highly disappointed to find that this author just simply copied many of his recipes word for word from previously published books. I do not think it is even worth one star.
