After going on line and printing out a few recipes, I really wanted the tollhouse book and I'm really glad I got this one. The original chocolate chip cookie is the best. Every cookie I've tried from this book has turned out as expected. 1 of 1 people found the following review helpful. Cooking Cookies with the best. By Charles Minor This is a great book for anyone who loves to bake like me or wants to get into baking. The majority of the recipes are easy to

follow and understand and there are a lot of great and different type of treats for your friends and family to enjoy after you have baked up all these different goodies for them to enjoy. This is truly a quality baking book that any one can master and you are sure to find at least more thing you and your love ones will enjoy eating for years to come. I know I have.2 of 2 people found the following review helpful. Buying this for a pastry chefBy J. BishopI purchased this book years ago at a book sale for charity. I bought it for the cookie recipes and was surprised to find all the Libby's pumpkin recipes. Whenever I bake for the holiday I get rave reviews form the family. I am now purchasing the book for my sister-in-law who is a pasty chef. She loves everything I have made form this book. She recently asked me to get her a copy of the book if I ever see it again. Coming from her that means a lot because of how particular she is and how many cook books she already owns.
